Pet Insurance

Redefining Pet Care for the modern pet parents.

Insurance Powered By **BAJAJ** | **Allianz** 

One Plan. Everything Covered

India's smartest pet insurance — built by pet lovers, for pet lovers.

In 2024, we noticed something troubling in India's fast-growing pet community:

- Vet bills in tier-1 cities were rising steeply, often **₹10,000–₹25,000 per visit**
- Most pet parents were unprepared for sudden emergencies
- Less than **1% of Indian pets were insured**

We created Mellow Care to change that.

Founded by pet parents and built with input from vets, animal welfare experts, and tech innovators, Mellow Care is here to make pet healthcare affordable, accessible, and stress-free for every Indian home.

We've designed one simple plan that covers everything essential — from vet visits and diagnostics to emergencies and illness — and made it easy to claim, manage, and trust.

We're on a mission to insure **1 million Indian pets by 2030**.
And we're just getting started...
